

LINKING LEADERS TO INCREASE ENGAGEMENT

Linking Leaders to Increase Engagement is a learning opportunity for central office personnel, principals, and assistant principals to “learn that, learn with, and learn from.” This cohort will meet four to five times throughout the year for ninety-minute sessions. Participants will be provided a focus for each session accompanied by a resource of some kind (learning that) as well as reflective questions that will guide the conversation (learning with). Time will also be allocated for districts or schools to share examples of how they are addressing the focused topic (learning from). Additionally, we will provide an opportunity for different role groups (district-level personnel, principals, and assistant principals) to meet once or twice per year so that conversation can be structured specific to the role.

Pricing: \$600 per person. Standard-Bearer School District Network members may use one virtual seat per person.

Session 1 September 20, 2023 (9:30–11:00 a.m. Eastern Time)	Session 2 November 8, 2023 (9:30–11:00 a.m. Eastern Time)
